

All About Animals
T.E.A.C.H. Elementary
Instructor- Annie Rasco
817-683-6696 | teachcleburnerasco5th@gmail.com

Class held on Wednesdays 10am to 11:50am

This course is offered as an elective course for elementary children interested in learning all about animals. From the North American tundra to the reefs of Australia we will explore a worldwide range of topics to include identification, diversity, environments, anatomy and adaptations, career paths and interests, protection of, and many other topics related to animals. There will be occasional live animal and professional guests that will visit throughout the year alongside current class materials. Students will end the year with a better understanding of how vast the animal kingdom is, where certain animals reside and why, what kind of professions revolve around animals and how they can continue their pursuit of what areas interest them.

Please, inform the instructor of any known animal allergies at registration.

Specifically formulated for grades K-5th.

No textbook required.

Due at registration:

\$50 Semester supply fee

\$70 registration fee (covers August and December tuition)

Monthly tuition: \$70 due on the first Wednesday of the month
